DÉCOR HIRE

2026 / 27 collection

A photograph of a wedding reception in a grand, ornate room. In the center is a fireplace with a dark marble surround and a gold-colored frame. Above the mantel is a large, lush arrangement of blue and purple flowers. To the right of the mantel is a gold-colored candelabra with three lit candles. The room features a high ceiling with a large, ornate chandelier and decorative moldings. In the foreground, there are white chairs with white cloths and large white vases filled with blue and purple flowers. The floor is covered with a patterned rug.

Our curated collection is the *foundation*,
styling is where the story comes to life.

We approach each wedding with a thoughtful, design-led perspective; considering how every piece works together to create a setting that feels natural, intentional, and beautifully styled.

Using our carefully selected range of textiles, vessels, and décor, we bring together elements in a way that speaks to your style—whether that's clean and contemporary or soft and romantic.

The result is a celebration that feels entirely your own.

Ceremony

Whether your ceremony is in a church, a stately home or a beautiful garden, we will work with you to ensure that all of the elements from chairs to confetti are considered. We have a large number of props for hire, but can also source special décor items to make the ceremony truly bespoke.
